

## Share your photos with Morris Arboretum!

Visit the Arboretum recently? Have a good photo you wish to share with us? We'd love to see them!

In order to make it easier to share your high-resolution photographs with us, we've setup an account with Flickr, a free online photo sharing website located at [www.flickr.com](http://www.flickr.com). Flickr allows you to upload 100 mb worth of photos each month through it's free memberships.

---

### File Size and Compression Information

We would like to use your photos to help promote the Arboretum in print and on the web! Please follow the image sizing and compression information below:

- **Image Size:** Minimum width of 800 px at 72 dpi. If needed for print, we will contact you for the original file.
- **Compression:** For web-quality photos, please keep your JPEG settings above 8.

---

### Uploading Instructions

In order to upload, follow these easy steps:

- Register for a free account or login using your Yahoo ID at [www.flickr.com](http://www.flickr.com)
- Click the **Upload Photos & Video** link on your account page or find the upload link in the **You dropdown** under the Flickr logo at the top of the page
- Once your photos are uploaded, navigate to the group page at:  
**<http://www.flickr.com/groups/morrisarboretum>**
- Select the **Add Photos or Video** link next to the Group Pool headline
- Select items from your Photostream. You can add up to 6 at a time, or narrow your search by upload date or your sets through the drop down menu.
- Click the **Add to Group** button under your selections to submit your photos
- Your photos are now uploaded!

Notify us about your photos!

Please send an email to [info@morrisarboretum.org](mailto:info@morrisarboretum.org) to notify us after you upload your photos so we can view them too!
